SUMMARY

As a Front-End Engineer who is highly motivated and dedicated, I possess more than one year of professional experience in the field. My passion lies in developing Responsive Web Design, creating subtle web animations, and providing technological solutions that are exceptional and delivered on time. I am always pushing myself to implement more captivating designs and demonstrate expert knowledge of strong corporate web presence. I have a proven record building projects, deploying frontend applications, architectures, and processes, which makes me adaptable, reliable, and forward-thinking.

SKILLS

Javascript, Typescript, React.js, Node.js, Next.js, HTML5, CSS3 libraries (SASS, Tailwind, Styled Components), REST API, WordPress, Git, Github, Firebase, Figma, Bootstrap, Supabase, PWA .
